

Is It A “Classic” Or A Clunker?

Day & Night

Heating & Cooling Products

Comfort Every Hour,
Every Season™

DayandNightComfort.com

Older cars sometimes have real value, but that’s not the case with heating and cooling systems. Many homes have an older, less efficient heating and cooling system—and that can cause energy bills to go into high gear.

When you switch to a high-efficiency Day & Night® heating and cooling system, you can lower your energy bills and get greater comfort. If your current system is ready for the museum, get a new money-saving Day & Night unit today.

Call your Day & Night dealer today to learn more!

Timely registration required for 10 year parts limited warranty. Limited warranty period is 5 years for parts if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty periods. Please see warranty certificate for further details and restrictions.

Many models are ENERGY STAR® qualified. Ask your contractor for details or visit www.energystar.gov.
